1. Slide clothes on hangers directly into garbage bags.
2. Put cotton balls in your makeup compacts so they don't break.
3. Wrap breakable dishware in your shirts.
4. Cover all bottles of liquid (shampoo, cleaning supplies, etc.) with plastic wrap before putting the top on.
5. Color-code your boxes per room. Then tape a color code sheet on the front door so everyone helping knows which boxes go where.
6. Cut handles into the sides of cardboard boxes for easy lifting.
7. Keep track of your moving expenses; some of them are tax-deductible.
8. Put towels underneath heavy furniture to avoid ruining floors.
9. Label your boxes on the side, not the top.
10. Remove any dents in the carpet that furniture left behind with ice cubes. Simply place the ice cubes on the dents, let them melt, and use a spoon to lift the fibers.
11. Use white Ivory soap or toothpaste to fill nail holes in your walls.
12. Wrap a rubber band around a hammer to prevent scuffing the wall when removing nails.
13. As you disassemble furniture, keep all screws and hardware in a plastic bag. Label the bag and tape it to the furniture itself, or designate a separate box with hardware for all your furniture.
14. Snap a picture of the back of your TV and other electronic devices. That way, you know exactly which wires go where when you're setting up in the new place!
15. Unplug and defrost your refrigerator the night before the "big Move" to avoid leaks and stinky smells.
